

Abstract Submission Form

Abstract Title: A direct yet descriptive title that is a clear reflection of the topic.

Summary: This should be 75 words or less describing the content of your presentation. If accepted, this summary may appear in conference publications to describe the session.

Learning Objectives: State 3-4 objectives would you like attendees to know at the conclusion of your presentation. Each objective should include a measurable outcome and begin with an action verb. Please indicate an approximate outline/timeframe for how each objective will be addressed.

For example: *Learning Objective: Attendees will be able to . . .*

1. Objective #1
2. Objective #2
3. Objective #3
4. Objective #4

Presentation Format (click box for dropdown selections):

Abstract: Your abstract submission should be between 200-500 words (excluding learning objectives and reference list). Please complete each subsection separately, but it should be written so it creates a complete and logical account of your presentation. Subsections include:

References (if appropriate): All citations (in-text and reference list) should be in APA format.

Presenter Biographical Information (this will **not** be shared during the review process).

Designation of Primary Contact Person: All communication regarding abstract submission and review will be sent to the primary contact. Again, this will not be provided during the review process.
